Curling Club

The Monitor Curling Club was organised, last week, with sixteen members on the roster. A schedule has been drawn up for the season, with four rinks under the management of Skips Dickson, Hamer, MacKenzie, and Thompson.

The following are the officers elected for this season:

Hon. Pres. W. J. Blair, M. P.
President R. P. Thompson
Vice Pres. C. B. Horsch
Sec-Treas. J. A. Hayes
Chaplain Rev. Wickenden
Directors, Messrs Gould, Lucas, McGirr, Bergman.

The games are proving very interesting and the gallery is always ready to applaud the good work of the curlers.

Skip Dickson's rink appears to have the edge on the others.

Wonder where some of the curlers learned to handle the broom?

Jim Horner met a very painful accident, on Wednesday of last week, which will lay him up for a considerable period.

He was chopping grain when the big belt from the tractor flew off, striking his leg just below the thigh, and tearing a large piece of flesh away. He was removed to Kirriemuir for medical attention, and is confined to his home on the farm.

Sunday School Entertainment

The annual Christmas Tree entertainment was given by the Sunday School scholars, last week, there being a good turnout of the parents and friends.

After a fine program of songs readings, etc., the Christmas stockings were handed out to the children. The following scholars were presented with pins for regular attendance, not having missed a Sunday for the time mentioned.

Olive, Grace and Arthur Garries, 5 years; Nina Garries 4 yrs; Gladys and Eva Grace, Dalton and Leslie Tinkess, Harold Lucas, 1 year; Mary and Alice Deadmarsh, Billie McCulloch, 9 months; Annie and Paul McNish 3 months.

Percy Moth left yesterday on his vacation. He will visit New Orleans, and other southern points.

L. C. Landels left for Hanna, Alta., yesterday.

Chas Connah is busy in town this week auditing the books of the various school districts, in this district.

The Union Service will be held in the Big Hall, on Sunday afternoon, at 3 o'clock.

Letters From Home

There's a long, long trail awindin' 'tween my sodshack and the town Be the summers e'er so scorchin', or the winters zero down, Yet I never miss my mail day—there are hands across the sea Holdin' lovingly a magnet—and that magnet's drawing me.

Just a small thing that magnet, made of truest British steel, And the one that it belongs to with a mother's heart can feel All the longings that keep risin' in her lone some lad afar, On the prairies of Alberta, neath the glitterin' Northern Star.

From the city's strife and turmoil to the peace of prairie plains, Out I came, with eager spirits, strivin' sore, and takin' pains, Many times disheartened, downcast, when the harvests passed me by, Came the magic magnet's message "Mother's blessing!—Try lad, try!"

Dear old Mother, white and wrinkled, you're fairer far to me Than the greatest beauty livin'—in my homesick dreams I see How your loving eyes are shinin' with clear faith in God and man "I'll keep true and straight, Heaven help me Live as white as e'er I can.

When the blizzard blows its bravest, with my pipe and old arm chair Off I hike to that dear homeland, hear the sweet old country air—Seem to hear the waves atumblin' on those rocks along the shore, See my mother's cot—her waiting for the postman at her door.

How her face lights up with laughter as old John calls out her name "Guess its from yer lad out West there made 'is fortune eh, and fame?" And her tremblin' fingers open what I wrote when I felt blue Told how her prayers were answered, I was takin' courage new.

Yes, I am ashamed to say it, for I felt again a boy As I penned these lines to mother, I just knew they'd bring her joy, For to hear her harum-scarum had turned out to be a man, And I put a crisp ten spot in, sent "with love from her boy Dan."

Say, Sir, have you got a mother, maybe gettin' on in years? Don't you ever wonder sometimes if there's smiles or if there's tears In those eyes that looked so tender, watched you wakin' or asleep, Take your pen—that magic magnet—send her letters o'er the deep.

Thrift does not imply meanness. It is just good business applied to the home. We are beginning to know the meaning of thrift in Canada today. We had forgotten about the frugality of the pioneer-settlers. We now see that we have been burning the candle at both ends.

School Entertainment

The Creek Valley scholars gave an entertainment on Tuesday afternoon, a program of 28 items being presented, which were thoroughly enjoyed by parents and scholars. Mrs. Joe Worobo and Frank Connah also kindly sang. The latter part of the afternoon was devoted to games, Miss Alice Buckway, chairman of the District, ably presided and Mrs. Teetzel coached the children most admirably, and A. Baxter judged the game contests. The school was crowded and it is hoped to make this an annual affair.

Note and Comment

Arrangements have been made for the purchase and distribution of seed grain to settlers who had a crop failure last year. All farmers who reside within a Rural Municipal District should make their application for seed grain to the secretary of their municipality no matter whether their land is patented or unpatented. In the case of unpatented land, the municipal council will pass on all applications, and handle these for the Government.

In the unorganized districts of the province, the provincial seed branch will receive applications from farmers on both patented and unpatented land. These applications will be passed on by the seed branch.

Application forms for seed grain can be secured by farmers in the unorganized districts upon application to J. D. Smith superintendent seed branch, department of agriculture, at Edmonton. Farmers in the municipality can secure forms from the Councillors or Secty.

The mortgage companies in Alberta have agreed to advance to farmers, who have loans on their land, sufficient money to purchase seed grain, the cost of said grain to be added to the mortgage. As farmers who secure seed grain through the municipality or the provincial government must give a lien against their land to the value of the seed secured, it will no doubt be just as well for them to arrange for the additional loan from the company that may hold a mortgage on their land. Arrangements will be made so that farmers who secure loans from these companies for seed, will be able to buy same from the government and have it sent in the same way as the grain got through the municipality.

Farmers who wish to purchase seed from money secured by either a new loan or an additional loan from a mortgage company, should make application, at once, for a seed grain loan, stating amount of money required, and the number of bushels of each kind of seed.

Seems kind of tough, for a soldier to come back from the trenches and fight a girl to get back his old job. But lots of them will have to do it. The women who have made good and like the work, will want to hang on to their jobs. This readjustment business is sure full of problems.

SMALL SUMS OF MONEY SAVED DAILY INCREASE RAPIDLY

The Canadian War Savings Plan, which makes saving both easy and profitable, is doing much to teach the public what can be done by putting away small sums of money.

On this subject the *Saturday Post* says: "Take ten cents a day, which means a deposit of three dollars every month. In ten years you will have saved \$365, which will have earned \$80.36 interest making a total of 445.36. This is the result of simply saving a single ten-cent piece per day. As you increase the sum saved each day the value of the steady saving is only strongly impressed. Fifteen cents a day will amount to \$547.50 in ten years, while twenty cents a day amounts to \$800.00, of which \$100.00 is interest. These sums saved would scarcely be missed from the purse of the average man. If you are able to put aside twenty-five cents a day or seven dollars and a half each month, at the end of ten years you will find \$1137.50 to your credit. Hence it is much to your profit to "despise not" the saving of small sums."

Now let us see what the systematic or rather progressive saving of one dollar a week can do. In one year the fifty-two dollars saved will earn, at four per cent, seventy-eight cents in interest, making a total of 52.78 at the start of the second year.

At the close of the second year you will have \$107.67; at the end of the fifth year \$285.85 at the close of the tenth year \$633.65. In fifteen years this steady saving of a dollar a week would show a total result of \$1036.79.

Court Cases

Bold bad burglars in Busy Bideford caused considerable commotion, last week. Two youthful desperados broke into N. D. Robinson's store, took whatever caught their fancy, and mugged things up in general. Stole some candy from the Restaurant, and helped themselves to a team of horses from the Livery. They were captured on the train, having let the horses go, and brought to the local jail. After a preliminary hearing before J. P. Moth, they were remanded for trial under the juvenile court. The lads were Orval Nelson and R. Franklin, 14 and 16 yrs old, and reside near Provost.

Harry Sadavoy and Mrs. F. Kanigan indulged in a fistie encounter, recently, and the lady came out second best. The case was aired before J. P. Moth and Harry was taxed \$20 and costs for his physical culture.
